EDUCATION

Bachelor of Science in Information Technology
(Security and Network Engineering)
Eduvos Higher Education
July 2024- November 2026

Higher certificate in Informations Technology
(Software development)
Eduvos Higher Education
February 2023 -June 2024

PROJECT

Automated OCR Document System

(Python)

- Built an OCR (Optical Character Recognition) system for automating document recognition and file renaming.
- Integrated various tools for real-time folder monitoring and text extraction.
- Deployed the system on Windows to process hundreds of PDFs automatically.

PERSONAL TRAITS

- Strong analytical thinking and attention to detail
- Reliable and consistent in completing assigned work
- Quick to learn and apply new technologies
- Effective communicator in technical and team settings
- Collaborative and adaptable to changing environments
- Focused on continuous improvement and practical problem-solving

PROFILE

Networking and Security Engineering student with strong technical, analytical, and problem-solving skills. Experienced in IT systems administration, network maintenance, and automation. Skilled in troubleshooting, optimizing workflows, and supporting business infrastructure. Practical, hands-on learner focused on efficiency, reliability, and continuous improvement. Strong communicator and team collaborator who enjoys turning complex technical problems into clear, effective solutions.

WORK EXPERIENCE

Iscar South Africa **Sept 2024 – Present**
Systems Administrator Intern
I've completed my internship during university holidays.

- Provided front-line IT support for over 20 users, minimizing downtime and ensuring stable daily operations.
- Observed and learned network monitoring and maintenance processes, including router and switch configuration and troubleshooting connectivity issues.
- Assisted with server installation, workstation setup, and general system administration tasks.
- Worked with the IT team to improve technical systems and workflows while managing multiple ongoing tasks effectively.
- Gained hands-on exposure to corporate IT infrastructure and enterprise system operations.

TECHNICAL SKILLS

- Networking: Cisco Networking, Network Configuration
- Security: Firewalls, Access Control
- Systems: Windows Server, Active Directory, VMware, Microsoft 365
- Programming & Automation: Python
- Cloud: AWS (Foundational)
- Other: IT Troubleshooting, Hardware & Software Support, Documentation

VOLUNTEER WORK

NG Dalpark Kaleo Church **Aug 2020 - Present**
Audio and Production

- Managed live sound for events, including front-of-house and monitor mixing.
- Maintained audio and lighting systems and used ProPresenter for show production.
- Provided IT support for staff, ensuring stable network connectivity and equipment reliability.
- Assisted with technical planning and community event setups.
