

DIVAN IMMELMAN

Network and Security Engineer

083-283-2093

Divanimm123@gmail.com

Johannesburg, South Africa

EDUCATION

Bachelor of Science in Information Technology (Security and Network Engineering)

Eduvos Higher Education

July 2024 - March 2027

Higher certificate in Informations Technology (Software development)

Eduvos Higher Education

February 2023 - June 2024

PROJECT

Automated OCR Document System
(Python)

- Built an OCR (Optical Character Recognition) system for automating document recognition and file renaming.
- Integrated various tools for real-time folder monitoring and text extraction.
- Deployed the system on Windows to process hundreds of PDFs automatically.

PERSONAL TRAITS

- Strong analytical thinking and attention to detail
- Reliable and consistent in completing assigned work
- Quick to learn and apply new technologies
- Effective communicator in technical and team settings
- Collaborative and adaptable to changing environments
- Focused on continuous improvement and practical problem-solving

PROFILE

Networking and Security Engineering student with strong technical, analytical, and problem-solving skills. Experienced in IT systems administration, network maintenance, and automation. Skilled in troubleshooting, optimizing workflows, and supporting business infrastructure. Practical, hands-on learner focused on efficiency, reliability, and continuous improvement. Strong communicator and team collaborator who enjoys turning complex technical problems into clear, effective solutions.

WORK EXPERIENCE

Iscar South Africa

Systems Administrator Intern

Sept 2024 - Dec 2025

I'm completing my internship during university holidays.

- Provided front-line IT support for over 20 users, minimizing downtime and ensuring stable daily operations.
- Observed and learned network monitoring and maintenance processes, including router and switch configuration and troubleshooting connectivity issues.
- Assisted with server installation, workstation setup, and general system administration tasks.
- Worked with the IT team to improve technical systems and workflows while managing multiple ongoing tasks effectively.
- Gained hands-on exposure to corporate IT infrastructure and enterprise system operations.

TECHNICAL SKILLS

- Networking: Cisco Networking, Network Configuration
- Security: Firewalls, Access Control
- Systems: Windows Server, Active Directory, VMware, Microsoft 365
- Programming & Automation: Python
- Cloud: AWS (Foundational)
- Other: IT Troubleshooting, Hardware & Software Support, Documentation

VOLUNTEER WORK

NG Dalpark Kaleo Church

Audio and Production

Aug 2020 - Present

- Managed live sound for events, including front-of-house and monitor mixing.
- Maintained audio and lighting systems and used ProPresenter for show production.
- Provided IT support for staff, ensuring stable network connectivity and equipment reliability.
- Assisted with technical planning and community event setups.
